### **1. Activities based on the aim and objectives of the Institution:**

- \* As we aim at making our students technophilic, web based learning-teaching has been integrated into our curricular activities. Many students have downloaded and developed web resources before their internship and used them effectively during their practice teaching at various schools.
- \* Sivanthi FM, a Community Radio Service run by our management. The B.Ed. and M.Ed. students participated in various programmes.

### **2. New Academic Programmes initiated (UG and PG)**

We have applied to the Tamil Nadu Teacher Education University to start M.Phil. programme in Education.

### **3. Innovations in curricular design and transaction**

All the teacher education colleges comes under the purview of Tamil Nadu Teacher Education University, Chennai. The University decides the curriculum and transaction. From the university curriculum we choose innovative subjects like computer education, guidance and counselling, environmental education, physical and health education as electives, since these subjects are the most needful for the student teachers.

### **4. Inter-disciplinary programmes started**

In view of importing value education to prospective teachers we conduct certificate and Diploma Courses in Gandhian Thought and Yoga.

## **5. Examination reforms implemented**

Though we are constrained to follow the University pattern and norms in examination, our internal assessment has been suitably revamped. Viva-voce and miniaturized practice teaching have been included for internal assessment. This complements the regular internal assessment in written mode.
